

VBS Missions Project

This week, we are learning about missionaries Michael and Traci Byrd. They are missionaries in Saint Louis, Missouri. They built two churches in the Baden neighborhood. They give out boxes of food. Traci teaches cooking classes so the women will know how to prepare healthy meals for their families. While they are cooking, she talks with them about Jesus.

For our Missions Project, we are collecting canned and dry goods to go to the Food Pantry. This will help people in our area who are hungry and hopefully open doors to talk about Jesus.

Your child can bring in a can or dry good this week, if they would like to.

Thank you!
